ISM CODE — STATEMENT OF NON-APPLICATION AND SINGLE VOYAGE EXEMPTION

Somalia Ship Register · Form SVP-ISM · Revision 00

Issued by the Somalia Ship Register Ltd (SSRL) under the authority of the Ministry of Ports and Marine Transport of the Federal Republic of Somalia.

This document states the position of the Administration on the application of Chapter IX of SOLAS 1974 and of the International Safety Management (ISM) Code to the ship identified below, for the single voyage described in Section 3.

Chapter IX of SOLAS 1974 contains no power to exempt a ship from the ISM Code. Accordingly this document does one of two things only: it states that the ship falls outside the scope of regulation IX/2, or it grants an exemption for a single international voyage under regulation I/4(a) of the Convention. It is not an exemption from the ISM Code and shall not be described as one.

Basis of this document (tick one):

- ☐ A — Statement of Non-Application: the ship falls outside regulation IX/2 of SOLAS 1974
☐ B — Single Voyage Exemption granted under regulation I/4(a) of SOLAS 1974

Where basis A is relied upon, the ground of non-application is (tick one):

- ☐ Cargo ship or mobile offshore drilling unit of less than 500 gross tonnage
☐ Ship not engaged on international voyages
☐ Non-self-propelled unit; propulsion removed or permanently disabled
☐ Vessel proceeding under tow as an object of tow, not operated by a Company
☐ Ship owned or operated by a Government and used only on non-commercial service
☐ Other ground — to be specified in Section 4

Where basis B applies, the Administration, being satisfied that the ship is not normally engaged on international voyages and is required in exceptional circumstances to undertake a single international voyage, exempts the ship from the requirements stated above for that voyage only, on the condition that the ship complies with the safety requirements which the Administration considers adequate for the voyage.

5. CONDITIONS

1. This document is valid for one single voyage only, between the ports named in Section 3, and expires on arrival at the port of destination or on the expiry date in Section 6, whichever occurs first.
2. It is not renewable and shall not be extended.
3. The ship shall carry no cargo, no passengers and no dangerous goods.
4. Where the ship is self-propelled and manned and remains within the scope of regulation IX/2, this document shall not be issued; an interim Safety Management Certificate under paragraph 14.2 of the ISM Code shall be issued instead.
5. A condition and seaworthiness survey by a Recognized Organization, carried out not more than thirty (30) days before departure, shall be held on board with this document.
6. This document relieves the ship from no other requirement of any international convention, and confers no immunity from port State or coastal State control.
7. The Administration may withdraw this document at any time if a condition is breached or if the particulars given in the application prove to be incorrect.
